If you try to ADD a new appointment without filling out all required fields the error message “Error: All inputs are required” will be display

A screenshot of a web browser displaying the 'Appointment App.' at the URL 'localhost/appointmentApp/'. The page has a dark blue header. Below the header, there is a form with two buttons: 'ADD' and 'CANCEL'. Below these buttons, a red error message reads 'Error: All inputs are required...'. The form contains several input fields: 'DATE:' with the value '10/28/2017', 'TIME:' with the value '--:-- --', and a large text area for 'Enter Description'. Below the text area is a 'DESC:' label. At the bottom of the form, there is a search bar with the placeholder text 'search here ..' and a 'SEARCH' button.

Clicking on SEARCH button displays all stored appointments link bellow::

A screenshot of the same web browser displaying the 'Appointment App.' at the URL 'localhost/appointmentApp/'. The page now shows a list of appointments. At the top, there is a 'NEW' button and a search bar with the placeholder text 'search here ..' and a 'SEARCH' button. Below the search bar is a table with three columns: 'DATE', 'TIME', and 'DESCRIPTION'. The table contains six rows of appointment data.

DATE	TIME	DESCRIPTION
10/27/2017	12:10 AM	sample something
10/30/2017	02:00 PM	customer service
11/22/2017	09:00 AM	meeting with sara
12/17/2017	11:00 AM	sprint something
11/08/2017	08:30 AM	sample description
11/25/2017	03:00 PM	arochoa meeting final

Searching an appointment by description content::

The screenshot shows a web browser window with the title 'Appointment App.' and the URL 'localhost/appointmentApp/'. The page has a dark blue header. Below the header, the title 'Appointment App.' is displayed. There is a 'NEW' button and a search input field containing the text 'sample', followed by a 'SEARCH' button. Below the search controls is a table with three columns: 'DATE', 'TIME', and 'DESCRIPTION'. The table contains two rows of data.

DATE	TIME	DESCRIPTION
10/27/2017	12:10 AM	sample something
11/08/2017	08:30 AM	sample description

If you try to SEARCH that does not exist on the appointment description will generate an error message like bellow::

The screenshot shows the same web browser window as the previous one, but the search input field now contains the text 'unknown'. Below the search controls, there is an error message displayed in red text: 'There is no appointment with description__: unknown.'

There is no appointment with description__: *unknown*.
