

## Appointment Web App.

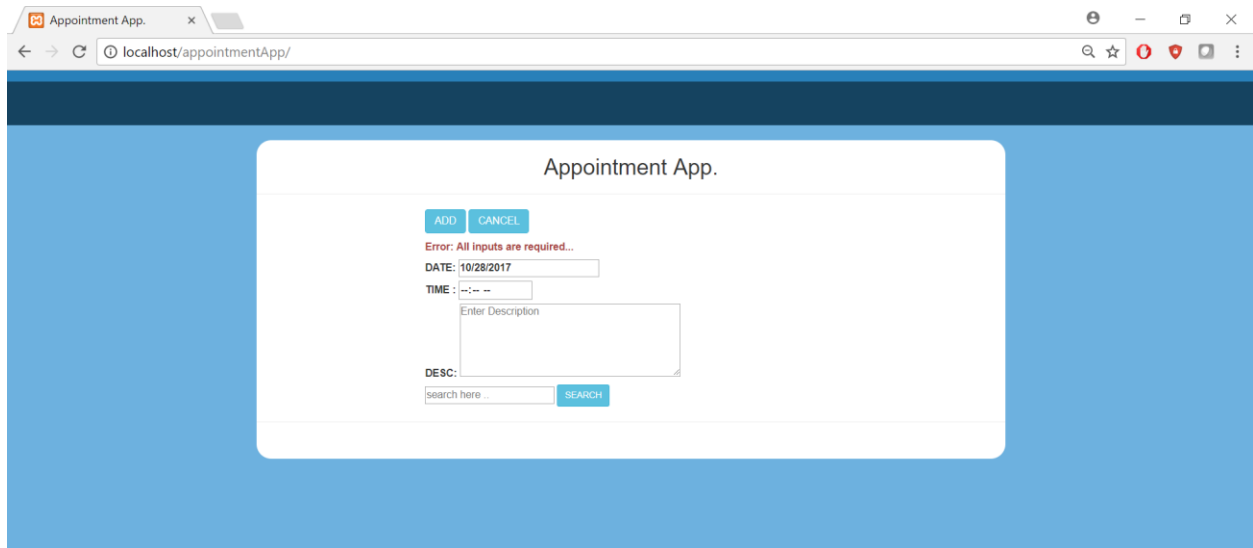

Home page:

If you click on NEW button, you will see the below page:

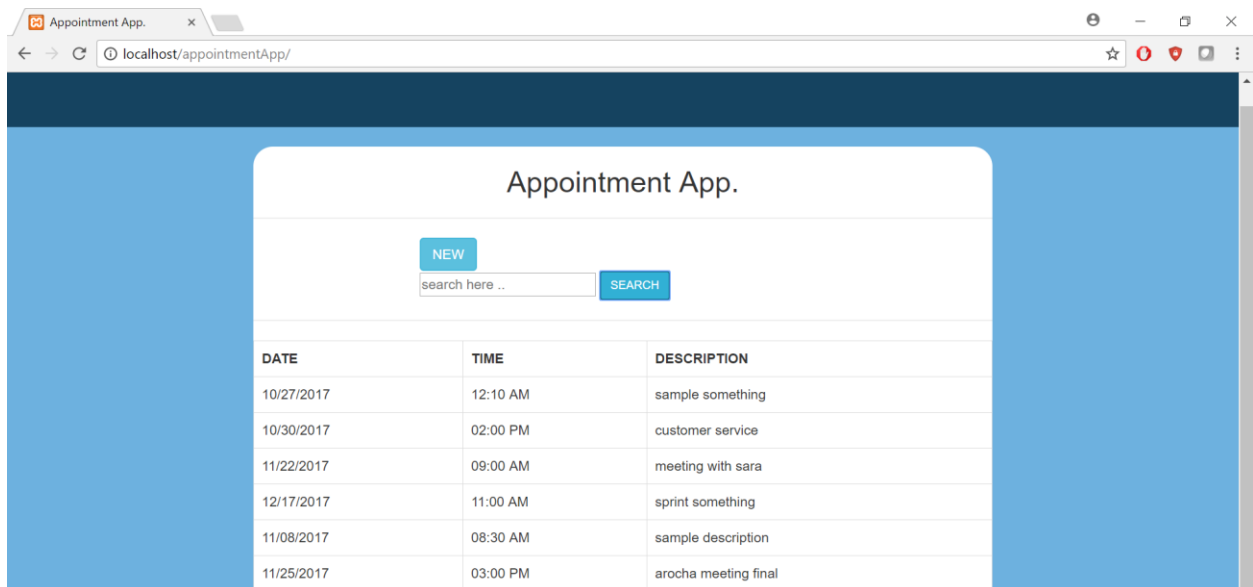

If you try to ADD a new appointment without filling out all required fields the error message “Error: All inputs are required” will be display:

The screenshot shows a web browser window with the title "Appointment App." and the URL "localhost/appointmentApp/". The main content area has a light blue background. In the center, there is a white rounded rectangle containing the app's header "Appointment App." and a form. The form has two buttons at the top: "ADD" (highlighted in blue) and "CANCEL". Below them is a red error message: "Error: All inputs are required...". The form fields include "DATE:" with the value "10/28/2017", "TIME:" with the value "--:--", a text input for "Enter Description", and a "DESC:" label. At the bottom of the form is a "search here ..." input and a "SEARCH" button.

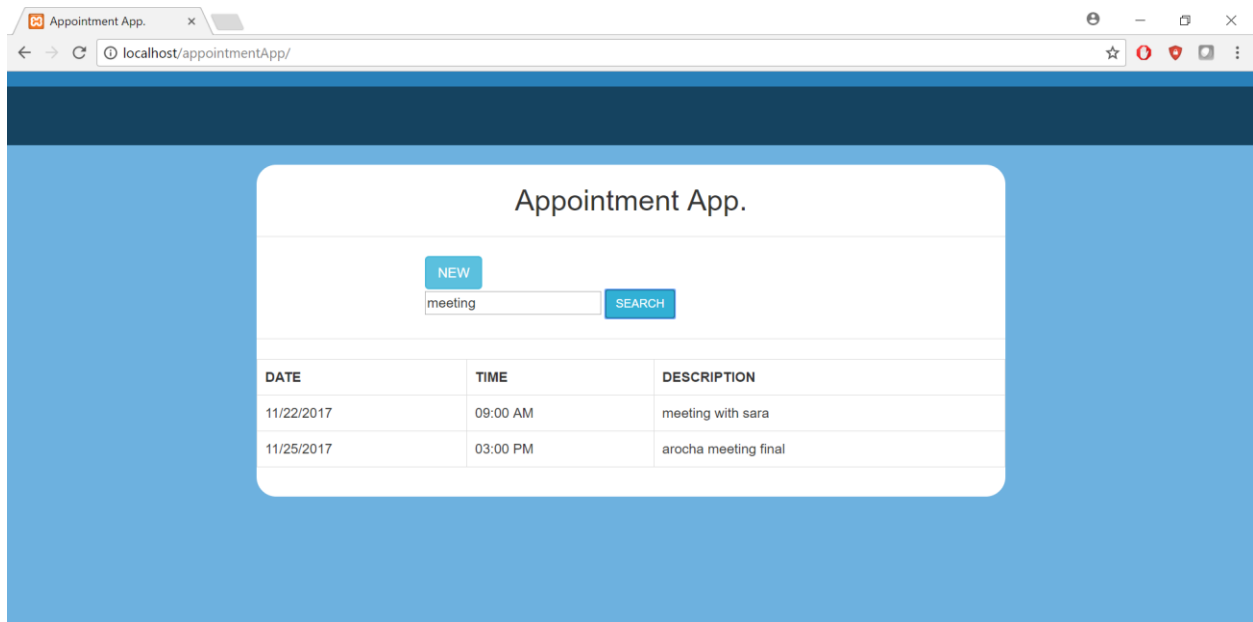

Clicking the SEARCH button displays all stored appointments like shown below:

The screenshot shows the same web browser window, but the "SEARCH" button has been clicked. The form is now empty, showing a "NEW" button and a "search here ..." input. Below the form is a table displaying a list of appointments.

DATE	TIME	DESCRIPTION
10/27/2017	12:10 AM	sample something
10/30/2017	02:00 PM	customer service
11/22/2017	09:00 AM	meeting with sara
12/17/2017	11:00 AM	sprint something
11/08/2017	08:30 AM	sample description
11/25/2017	03:00 PM	arocho meeting final

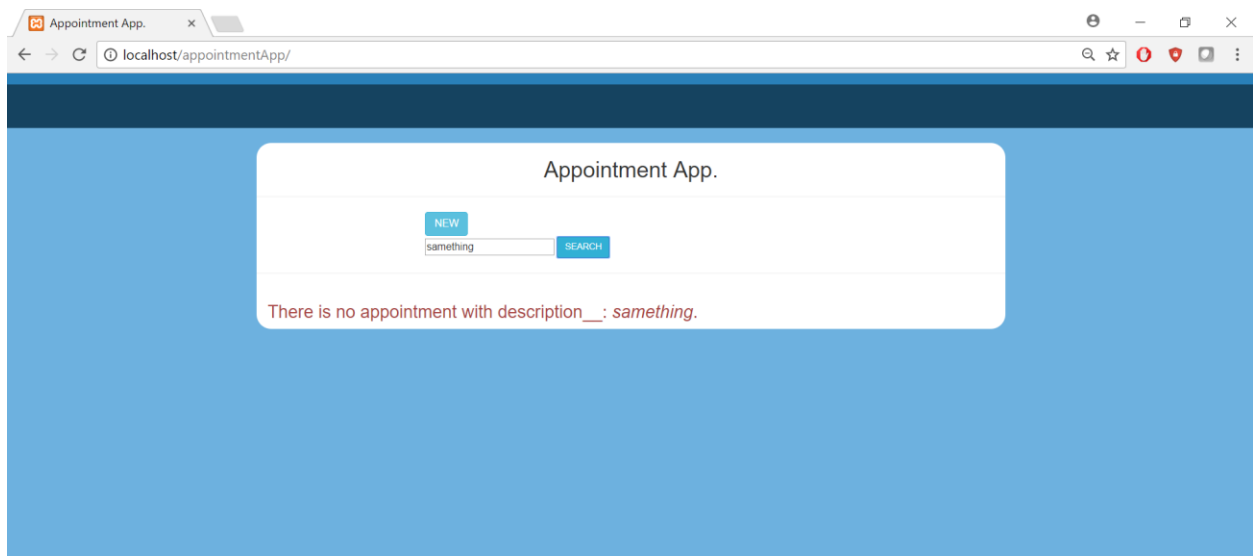

Searching an appointment by description content:

The screenshot shows a web browser window with the title 'Appointment App.' and the URL 'localhost/appointmentApp/'. The page has a blue header and a light blue background. In the center, there is a white rounded rectangle containing the app's title, a 'NEW' button, a search input field with the text 'meeting', and a 'SEARCH' button. Below the search bar is a table with three columns: 'DATE', 'TIME', and 'DESCRIPTION'. The table contains two rows of data.

DATE	TIME	DESCRIPTION
11/22/2017	09:00 AM	meeting with sara
11/25/2017	03:00 PM	arocho meeting final

If you try to SEARCH that does not exist on the appointment description will generate an error message like below::

The screenshot shows the same web browser window as the previous one, but the search input field now contains the text 'something'. Below the search bar, a red error message is displayed: 'There is no appointment with description\_\_: something.'
